

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD.gov at https://www.hud.gov/program_offices/comm_planning/coc.
- Questions regarding the FY 2023 CoC Program Competition process must be submitted to CoCNOFO@hud.gov.
- Questions related to e-snaps functionality (e.g., password lockout, access to user’s application account, updating Applicant Profile) must be submitted to e-snaps@hud.gov.
- Project applicants are required to have a Unique Entity Identifier (UEI) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2023 Continuum of Care (CoC) Program Competition. For more information see FY 2023 CoC Program Competition NOFO.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2023 CoC Program NOFO.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with navigational guides, which are also found on the HUD Exchange.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps, particularly the Authorized Representative and Alternate Representative forms as HUD uses this information to contact you if additional information is required (e.g., allowable technical deficiency).
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2022 Project Application will be imported into the FY 2023 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2023 CoC Program Competition NOFA.

Information About Submission without Changes

Follow the instructions below making note of the exceptions and limitations to the “Submit Without Changes” process.

In general, HUD expects a project’s proposed project application information will remain the same from year-to-year unless changes are directed by HUD or approved through the grant agreement amendment process. However, HUD expects applicants to carefully review their information to determine if submitting without changes accurately reflects the expiring grant requesting renewal.

The data from previously submitted new and renewal project applications can be imported into a FY 2023 renewal project application. The “Submit without Changes” process is not applicable for first time renewing project applications or for a project application that did not import FY 2022 information and e-snaps will automatically be set to “Make Changes” and all questions on each screen must be updated.

Renewal projects that select “Yes - Individual Application in a Renewal Grant Consolidation” on the Renewal Grant Consolidation or Renewal Grant Expansion Screen may not use the “Submit Without Changes” process and esnaps will automatically be set to “Make Changes”. In addition, esnaps will automatically be set to “Make Changes” if the project applicant indicates on the Renewal Grant Consolidation or Renewal Grant Expansion Screen, this project application is for a “Yes - Stand-Alone Renewal Application in a New Grant Expansion” project application.

The e-snaps screens that remain “open” for required annual updates and do not affect applicants’ ability to select “Submit without Changes” are:

- Recipient Performance Screen
- Consolidation and Expansion
- Screen 3A. Project Detail
- Screen 6A. Funding Request
- Screen 6D. Sources of Match
- Screen 6E. Summary Budget - All of Part 7: Attachments and Certification; and
- All of Part 8: Submission Summary.

All other screens in Part 2 through Part 6 begin in “Read-Only” format and should be reviewed for accuracy; including any updates that were made to the 2021 project during the CoC Post Award Issues and Conditions process or as amended. If all the imported data is accurate and no edits or updates are needed to any screens other than the mandatory screens and questions noted above, project applicants should select “Submit Without Changes” in Part 8. If project applicants imported data and do need to make updates to the information on one or more screens, they must navigate to Part 8: “Submission Without Changes” Screen, select “Make Changes”, and check the box next to each relevant screen title to unlock screens for editing. After project applicants select the screens they intend to edit via checkboxes, click “Save” and those screens will be available for edit. Once a project applicant selects a checkbox and clicks “Save”, the project applicant cannot uncheck the box.

- Process for VSPs entering clients into the CE system (#1).
- Advertisement strategy for DV clients (#4c).
- Referral process for DV clients into CE with use of a fictitious name and in general, CoC match/referral process (#4e).

Recipient Performance

1. Did you submit your previous year's Annual Performance Report (APR) on time? Not Applicable

1a. If you did not submit your APR on time to the SAGE website, provide an explanation.

The Project was newly selected last year and the contract was not finalized. No performance, eLOCCS, Sage, or scorecard information is available.

2. Do you have any unresolved HUD Monitoring or OIG Audit finding(s) concerning any previous grant term related to this renewal project request? No

3. Do you draw funds quarterly for your current renewal project? No

3a. If no was selected, explain why CoC Program funds are not drawn quarterly.

The Project was newly selected last year and the contract was not finalized. No performance, eLOCCS, Sage, or scorecard information is available.

4. Have any funds remained available for recapture by HUD for the most recently expired grant term related to this renewal project request? No

Renewal Grant Consolidation or Renewal Grant Expansion

The CoC Competition will continue offering opportunities to expand or consolidate CoC projects.

1. Expansions and Consolidations will no longer be required to submit a combined version of the application.

a. Expansions will be required to ONLY submit a Stand-Alone Renewal and a Stand-Alone New application.

b. Consolidations will be required to ONLY submit a Survivor grant and a terminating grant. Up to 10 grants may be involved in a consolidation (Survivor + 9 Terminating grants)

2. Since no combined version will be submitted for either the Expansion or Consolidation, the combining of data will occur at Post-Award. HUD HQ will combine all units, beds and budgets prior to the Post-Award process. The field office and applicant will then be required to combine remaining project data at C1.9a (recipient step). HUD HQ will provide a data report with the data all combined. All that will be required for applicants to do is a simple copy and paste.

We hope this process will simplify and reduce any confusion when submitting expansions or consolidations. If you have any questions, please contact the AAQ.

1. Is this renewal project application requesting to consolidate or expand? No

If "No" click on "Next" or "Save & Next" below to move to the next screen.

7. Is your organization, or subrecipient, a victim service provider defined in 24 CFR 578.3? No

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

Previously, our CE system created some barriers for our Victim Service Providers (VSPs), in terms of an extra layer of safety and security of client information. The Coordinated Entry process in our community is designed to be accessible for those who are the hardest to serve. We utilize access points, such as our street outreach teams, 211 Brevard's call center, and physical resource locations as an entry to the system. Our entire system is coordinated by our Coordinated Entry specialist, and is held on HMIS. This has caused barriers for our Victim Service Providers, who do not utilize HMIS. This project would allow our community to bridge that gap, efficiently and within HMIS Data Standards so that the survivors in these programs have a standardized and equal opportunity to the permanent housing services in our system. Our HMIS provider, Bell Data, will build a comparable database that can be accessed by key CoC staff who can see limited information, so that matches can be performed easily. Our community has not yet had a system put in place to tackle this issue and it has been identified as a key area of concern. The renewal project would allow our VSP providers to continue to bridge that gap, efficiently and within HMIS Data Standards so that the survivors in these programs continue to have a standardized and equal opportunity to the permanent housing services in our system. There are currently two VSPs who utilize the CE system. For one, our HMIS vendor, Bell Data, built a comparable HMIS database that can be accessed by key BHC staff who can only see limited information, so that matches can be performed easily. For the other VSP, they document their client level data in the standard HMIS system used by other providers and enter clients into CE via that system. In both cases, fictitious names are utilized by the VSPs when entering clients into CE. BHC staff has trained staff of both VSPs on the CE process and continue to provide technical assistance as needed. A process has been developed for when the client is matched with a permanent housing opportunity as the paperwork for permanent housing requires the use of real names. This paperwork is handled with extreme caution, and the client must agree that their real name can be used. The overall VSP CE process has been in operation since last year and is working successfully. VSPs report satisfaction that their clients now have access to the same permanent housing opportunities as non-DV clients. Training of the CE system with VSPs is ongoing and we are able to respond to issues as they come up quickly in partnership with the VSPs. Through this funding, supportive services are also offered to DV clients while they are waiting for permanent housing. Supportive services that are offered through the VSP include case management, education, employment assistance, medical and mental health treatment, counseling, substance abuse treatment services, and life skills training.

2. Check the appropriate box(s) if this project will have a specific subpopulation focus. (Select all that apply)

3. Housing First

3a. Does the project quickly move participants into permanent housing Yes

3b. Does the project enroll program participants who have the following barriers? Select all that apply.

Having too little or little income	<input checked="" type="checkbox"/>
Active or history of substance use	<input checked="" type="checkbox"/>
Having a criminal record with exceptions for state-mandated restrictions	<input checked="" type="checkbox"/>
History of victimization (e.g. domestic violence, sexual assault, childhood abuse)	<input checked="" type="checkbox"/>
None of the above	<input type="checkbox"/>

3c. Will the project prevent program participant termination for the following reasons? Select all that apply.

Failure to participate in supportive services	<input checked="" type="checkbox"/>
Failure to make progress on a service plan	<input checked="" type="checkbox"/>
Loss of income or failure to improve income	<input checked="" type="checkbox"/>
Any other activity not covered in a lease agreement typically found for unassisted persons in the project's geographic area	<input checked="" type="checkbox"/>
None of the above	<input type="checkbox"/>

3d. Does the project follow a "Housing First" approach? Yes

4. As a renewal SSO-Coordinated Entry project update the following questions.

4a. Will the coordinated entry process cover the CoC's entire geographic area? Yes

4b. Will the coordinated entry process be affirmatively marketed and easily accessible by individuals and families seeking assistance? Yes

4c. Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance.

Our community utilizes the No Wrong Door approach for entry into the CE system through both open and closed access points, street outreach teams, and 211 Brevard, a community helpline. We advertise the CE process through all entry points into the CoC. Our entire CoC is trained on the importance of CE and those with access to HMIS are further trained on how to complete assessments using best practices models. Although we have two VSPs, persons who are fleeing or attempting to flee DV, may present at any other access point locations or call 211 Brevard. Every access point has the capability and responsibility to refer DV clients and families to one of the two VSPs. Therefore, anywhere a person fleeing or attempting to flee DV seeks help, our CoC is prepared to ensure that they are able to be connected to a VSP. The VSPs complete a safety plan and hostility assessment, offer ES/TH locally and also relocation assistance to another county or state prior to assessment. Support services are made available to all who enter our system and advocates/legal services are also made available by our VSPs. Outreach workers are also utilized to reach the unsheltered population who may be experiencing DV and those with the highest barriers to accessing assistance, for example, no access to the internet or a phone. Additionally, the BHC's ADA compliant website contains information on the coordinated entry process.

4d. Does the coordinated entry process use a comprehensive, standardized assessment process? Yes

4e. Describe the referral process and how the coordinated entry process ensures program participants are directed to appropriate housing and services.

With the onboarding of our VSPs into the CE system this past year, the referral and match process for CE is identical to non-VSPs, with the exception that upon entry into CE, a VSP client will retain the use of a fictitious name up until the point that the client has accepted placement into a permanent housing opportunity. All of our member agencies participate as an open or closed access point for services, and all access points have the capability to ensure a client fleeing or attempting to flee DV is safely referred to a VSP. Open access means they will provide the intake, diversion, and assessment for any household that engages with them. Closed access points are member agencies that will provide the intake, diversion, and assessment for any household that meets their criteria. The households that do not meet the closed access points criteria are referred to 211 Brevard for intake. 211 Brevard is a telephonic open access point that provides intake, diversion, and assessment for any household that contacts them for housing assistance. Both open and closed access points verify homelessness for each household. If a household doesn't meet the HUD definition of homelessness, they will refer the household to member agencies that provide homeless prevention services. Once the household is verified homeless, a VI-SPDAT and CoC-specific Housing Rubric are completed and entered into HMIS. The access point staff will complete and upload the Housing Assessment Plan into HMIS. The questionnaire identifies housing barriers and preferences for each household that can assist in housing problem solving. The household will be entered into our Coordinated Entry project and will be put on our waiting list as individual or family. Access point staff will continue to engage in problem solving conversations. The household will be reviewed for matching with an appropriate agency, and the access point staff will maintain contact with the household until they are referred and accepted by an agency. The matching component is comprised of the BHC's Coordinated Entry Specialist reviewing the information on the individual household needs then reviewing our member agencies capabilities and experience to ensure the best possible match is made for the household and member agency. This past year the CE specialist worked with our HMIS vendor to create a referral and match process conducted electronically within HMIS as a closed loop system. There is reported high satisfaction with this process. If the match is rejected at this point, the household will be returned to the wait list and another match will be attempted. If the match is approved a warm hand off between agencies is done. For DV clients at this point, real names are utilized to complete required housing paperwork. Extreme caution is taken to ensure as few people as possible have access the paperwork (ie/ key staff only).

4f. If the coordinated entry process includes differences in access, entry, assessment, or referral for certain subpopulations, are those differences limited only to the following five groups: Yes

- (1) adults without children,
- (2) adults accompanied by children;
- (3) unaccompanied youth;
- (4) households fleeing domestic violence, dating violence, sexual assault, stalking, or other dangerous or life-threatening conditions (including human trafficking); and
- (5) persons at risk of homelessness.

6A. Funding Request

VAWA Budget

New in FY2023, the Violence Against Women Act (VAWA) has clarified the use of CoC Program funds for VAWA eligible cost categories. These VAWA cost categories can be added to a new project application to create a CoC VAWA Budget Line Item (BLI) in e-snaps and eLOCCS. The new BLI will be added to grant agreements and utilized the same as other CoC Program BLIs in e-snaps and eLOCCS. Eligible CoC VAWA costs can be identified in one or both of the following CoC VAWA categories. Examples of eligible costs in these cost categories are identified as follows:

A. VAWA Emergency Transfer Facilitation. Examples of eligible costs include the costs of assessing, coordinating, approving, denying, and implementing a survivor’s emergency transfer(s). Additional details of eligible costs include:

- Moving Costs. Assistance with reasonable moving costs to move survivors for an emergency transfer(s).
- Travel Costs. Assistance with reasonable travel costs for survivors and their families to travel for an emergency transfer(s). This may include travel costs to locations outside of your CoC’s geography.
- Security Deposits. Grant funds can be used to pay for security deposits of the safe unit the survivor is transferring to via an emergency transfer(s).
- Utilities. Grant funds can be used to pay for costs of establishing utility assistance in the safe unit the survivor is transferring to.
- Housing Fees. Grant funds can be used to pay fees associated with getting survivors into a safe unit via emergency transfer(s), including but not limited to application fees, broker fees, holding fees, trash fees, pet fees where the person believes they need their pet to be safe, etc.
- Case Management. Grant funds can be used to pay staff time necessary to assess, coordinate, and implement emergency transfer(s).
- Housing Navigation. Grant funds can be used to pay staff time necessary to identify safe units and facilitate moves into housing for survivors through emergency transfer(s).
- Technology to make an available unit safe. Grant funds can be used to pay for technology that the individual believes is needed to make the unit safe, including but not limited to doorbell cameras, security systems, phone, and internet service when necessary to support security systems for the unit, etc.

B. VAWA Confidentiality Requirements. Examples of eligible costs for ensuring compliance with VAWA confidentiality requirements include:

- Monitoring and evaluating compliance.
- Developing and implementing strategies for corrective actions and remedies to ensure compliance.
- Program evaluation of confidentiality policies, practices, and procedures.
- Training on compliance with VAWA confidentiality requirements.
- Reporting to CoC Collaborative Applicant, HUD, and other interested parties on compliance with VAWA confidentiality requirements.
- Costs for establishing methodology to protect survivor information.
- Staff time associated with maintaining adherence to VAWA confidentiality requirements.

Enter the combined estimated amount(s) you are requesting for this project’s Emergency Transfer Facilitation costs and VAWA Confidentiality Requirements costs for one or both of these eligible CoC VAWA cost categories on the summary budget screen. The CoC VAWA BLI Total amount can be expended for any eligible CoC VAWA cost identified above.

1. Will this project use funds from this grant to provide for emergency transfer facilitation, which includes the costs of assessing, coordinating, approving, denying and implementing a survivor's emergency transfer per Section III.B.4.a.(3) (a) of the NOFO? No

2. Will this project use funds from this grant to provide for VAWA confidentiality requirements, which includes the costs of ensuring compliance with the VAWA confidentiality requirements per Section III.B.4.a.(3) (b) of the NOFO? No

3. Does this project propose to allocate funds according to an indirect cost rate? No

4. Renewal Grant Term: This field is pre-populated with a one-year grant term and cannot be edited: 1 Year

5. Select the costs for which funding is requested:

Leased Structures	<input type="checkbox"/>
Supportive Services	<input checked="" type="checkbox"/>
HMIS	<input type="checkbox"/>
