The grant terms for projects under this NOFO may range from 24 months to 60 months.

#### **Purpose**

The Continuum of Care (CoC) Builds (CoCBuilds) NOFO targets efforts within Continuum of Care (CoC) geographic areas to address and reduce homelessness by adding new units of permanent supportive housing (PSH) through new construction, acquisition, or rehabilitation through one-time awards under the CoC program. Through the CoCBuilds NOFO, HUD is encouraging CoCs to leverage funds provided for construction, acquisition, or rehabilitation of new PSH units with other funding sources to maximize the amount of housing that can be directed to meeting the needs of individuals with a disability and families where at least one household member has a disability and is experiencing homelessness to live independently. Additionally, no more than 20 percent of an award made under this NOFO, may also be for other eligible CoC Program activities associated with the PSH project, (e.g., supportive services, operating costs, administrative costs (Section IV.G.1 of this NOFO), and no more than 10 percent of an award may be used for project administration.

The application for the CoCBuilds NOFO is available through the <u>CoCBuilds NOFO</u> funding opportunity located at grants.gov. This is not an *e-snaps*-based application.

### Applicable Goals and Objectives from HUD's Strategic Plan

This NOFO supports <u>HUD's Strategic Plan for Fiscal Years (FY) 2022-2026</u> to accomplish HUD's mission and vision. HUD will pursue two overarching priorities focused on increasing equity and improving customer experience across all HUD programs. The following strategic goals are applicable to this NOFO. Project applicants must align their applications with the strategic goals and objectives outlined below. If a project is selected for funding, the project is expected to establish a plan to track progress related to those goals, objectives, and measures. HUD will monitor compliance with the goals, objectives, and measures listed in your project.

### **HUD Policies Specific to this NOFO:**

Policy Priority	Summary
Increasing Affordable Housing Supply	Fund new construction, rehabilitation, or acquisition to increase PSH stock in a CoC's geographic area, including economic strategies such as adaptive reuse and conversion of hotel properties. CoC's and applicants should engage local leaders to mitigate zoning and land use issues that may impact adding PSH units to the CoC housing stock.
Ensuring Access to Supportive Services and Public Services	Provide voluntary supportive services to ensure households, particularly those that include a family member who has a disability, have the tools and resources to maintain permanent housing.
Partnering with Housing, Health, and Service Agencies.	Utilize cost performance and outcome data to enhance resource allocation aimed at ending homelessness. Strategies to maximize effective resource utilization include forming partnerships with public health agencies, state and local housing agencies, workforce development centers, and Tribes and Tribal organizations.

HUD requires a thorough review and oversight process by CoCs to determine which application will be submitted to HUD under this NOFO. CoCs must ensure the information provided in the application and proposed activities are eligible, application narratives fully respond to NOFO requirements, and all required attachments are included in the submission. CoCs are encouraged to use the scoring criteria outlined in the NOFO to ensure the most viable application is submitted to HUD for review and scoring.
